

## **Instructions for poster presentations**

Posters will be presented in the Hall of Hotel Griff. The posters will be displayed for the whole duration of the conference, from Thursday morning till Friday afternoon. The presenters are required to be present during the breaks to be able to answer questions about their posters.

The usable space on the poster boards is **140 cm in height, 90 cm in width**. One poster board is 200 cm height and 100 cm width. Tapes and tags for fixing your poster onto the boards will be provided.

Posters *should be placed to the boards on Wednesday evening or Thursday morning*. Please do not forget to remove your poster at the end of the conference.

The organising committee will NOT take the responsibility of removing and keeping your poster after the end of the conference.

To avoid common errors, use large characters at least 1 cm in height. Use a light coloured background such as light blue or yellow rather than white. Please give a title and provide a brief explanation of each section. The minimum recommended size for photographs and figures is 20 cm by 25 cm.

The ideal poster is designed to attract attention, provide a brief overview of your works and results, and initiate discussion. It is recommended to ask yourself: would you like to read it all, if it wasn't your poster? Prepare a short talk of about 5 minutes that you can periodically give to those viewing your poster.

We are looking forward to seeing you in Budapest.

Best regards,

Local Organizing Committee.
